SIBERIAN HUSKY CLUB & RESCUE OF SOUTHERN NEW ENGLAND

ALL SIBERIAN HUSKY OBEDIENCE TRAINING

THURSDAY EVENINGS

GRACE EPISCOPAL CHURCH
5958 Main Street
Trumbull, Connecticut

NEXT SESSION STARTS: September 8th, 2005

BEGINNERS: 7:00 - 7:55 P.M.

All Siberian Huskies are known to sometimes exhibit undesirable behaviors such as digging; chewing; soiling; doing the "greeting jump" onto their owners and their friends; pulling you when you take your Siberian(s) for a walk as though you were a dogsled; and not sitting, downing, or staying when you command them to.

Here is your opportunity to train your Siberian, and yourself, to deal with, if not eliminate, these typical Siberian traits. You will be taught how to keep yourself and your family your Siberian's "Alpha" and not the other way around. This session is also for Siberians and owners who need additional support and need to refresh what they have already learned.

The classes will be taught by Joan Proto. Joan began her training career in the early 1980's. Within her first year of training, Joan's own dogs earned three obedience titles and a breed championship. With this remarkable accomplishment Joan embarked on specializing in teaching and preparing students and their dogs in competitive obedience. In addition to obedience, Joan teaches agility, tracking classes, and confirmation handling. Joan also teaches obedience training in conjunction with the Newtown Kennel Club.
